Peace is...

Sharing what we have with others.

What could you share?

Peace is...

**Using our words, not our hands,
when we are upset.**

What can you say when someone
upsets you?

Peace is...

**Working together and helping
each other.**

What can you do to help your
family?

Peace is...

Trying to find a compromise so everyone is happy.

Have you made a compromise lately?

Peace is...

Accepting we are all unique and different.

What makes you unique?

Peace is...

Making amends if you make a mistake or hurt someone else.

What can you do or say to let others know you are sorry?

Peace is...

Loving each other as much as possible!

How can you show your family that you love them?
