# WHAT IS PEACE?

How can I help create peace at school?

# Peace IS...

Working together and helping each other out.

What can you do to help your classmates and teacher?

# Peace IS...

Sharing what we have so everyone gets what they need.

How can we share at school? How can we share with others  
outside of school?

# Peace IS...

Accepting the feelings of others around us.

How can you show others that you see and hear their feelings?

# Peace IS...

Using our words, not our hands, when we are upset.

What can you say to let others know you are upset?

# Peace IS...

Trying to find solutions to problems so that everyone is satisfied.

What do you need at school?

# Peace IS...

Making amends if you make a mistake.

What can you do or say to make things better if you make a mistake?

# Peace IS...

Standing beside others when they need our support.

What can you do or say to help someone who needs support?

# Peace IS...

Seeing that we are all unique and have special gifts.

What are your special gifts? How can you share them?

# Peace IS...

Accepting that deep down, we are all one.

What do we all share in common?

# Peace IS...

Caring for each other as much as possible!

How can you show your classmates, teachers and the rest of the school that you care?

# Peace IS...

Not always easy.

But it is **always** our choice.

CHOOSE  
peace!

To me, Peace is...
